

# TILAK PUBLIC SCHOOL

**Dear Children,**

It is the Summer Vacation time once again!!

But this time scenario is completely different as we are facing a global pandemic due to Covid-19. In this critical situation we are unable to conduct any summer camp in our school campus as we have to stay home and stay safe because this is our first moral duty to fight with this Corona problem. But don't get disheartened because our teachers are giving you summer Holiday Assignments which is an initiative on our part, to inculcate innovativeness, creativity and interest in the tasks assigned to our students.

Children, it is the time to inculcate good reading habits as books are the best friends, grab a story book, read the story and work on vocabulary enhancement. It will be Super Fun!!!

Not only this, start your day with Morning Walk, enjoy the morning Sun and the cool breeze. Water the plants in the area and around and have a playful time with nature!!!

It's a humble request to parents also to take a positive interest, as the wards learn a lot by doing. In fact, your involvement too will add an element of fun and excitement to the project work.

**Follow the given advise during the holidays:**

- ❖ Holiday Homework of all the subjects is to be done as per the instructions & guidance given by the subject teacher.
- ❖ Remember to pick up new hobbies. Watch informative programmes on national Geographic, Animal Planet, Discovery Channel etc. Read newspaper daily work on building up your strengths. Don't forget to lend a helping hand at home.
- ❖ Help to keep the house clean & clear the books or craft and toys after you have finished playing with them.
- ❖ Be polite while speaking and talk softly.
- ❖ Help your mother in the household work.
- ❖ Remember to converse in English throughout.
- ❖ Make the 4 magic words PLEASE, THANKYOU, SORRY & EXCUSE ME a part of your personality.

- ❖ Please take care of your health.
- ❖ Click pictures of your family and bring them to the school.
- ❖ Ask your grandparents about their childhood and find out how different olden days were.
- ❖ Do something new, learn something new and make your parents feel proud of you. Also take out some time to enjoy and complete the fun filled holiday homework.

### **Guidelines for Parents:**

It's time for the parents to nurture the child. Parents are the child's first and most important teacher, they can encourage their child's love of learning by participating in educational activities at home. Working together on the activities will help the child build confidence, learn to reason and develop skills necessary for his/her education.

1. Parents can be the facilitators for the child at home but let the child complete his / her work independently & in his / her own handwriting
2. The child should have a fixed time daily for doing assignments.
3. 'Reading book is fun'. Inculcate the habit of reading in your child.
4. Nurture your child's interest – be it art, music, dance or anything else.
5. Let him/her pursue a hobby of his /her own choice.
6. Please train your child to become independent in his daily chores.

**Principal**

**\*Have a Happy & Happening Summer Vacation \***

**See you all back with a Cheerful Smile!**

**Stay Home      Stay Safe      Keep Learning**
